**Dear Member,**

On April 11, 2025, First Financial Northwest Bank officially became First Financial Northwest (FFNW) Operated by Global Federal Credit Union (Global). Your FFNW accounts will be converted to Global accounts on November 1, 2025. Between now and November 1st, you can continue to access and utilize your accounts as you have been, except the deposit insurance is now provided by the NCUA. You can continue to utilize the same branches, checks, debit cards, and other services previously provided by FFNW until the system conversion. We will be communicating with you regularly during the conversion process, so you know what to expect.

We're very excited for you to experience the benefits of being part of a member-owned, not-for-profit credit union. For more information and the latest updates, visit [globalcu.org/welcome](https://globalcu.org/welcome) or scan the QR code below.
